EAST WASHINGTON'S PRIDE.

The Opening of the New Bridge to He Appropriately Celebrated. The East Washington Citizens' Assoclation held a meeting in Weller & Repetti's office, on Capitol Hill, last evening to make arrangements for the grand bridge celebration. Mr. Weller of the finance committee stated that the work had been divided among fifty

members, and that they would speedily raise the necessary \$3,000. The finance committee objected to the celebration taking place on Satur-day, and presented a resolution to change the date to Monday, August 25, This resolution resolution was unanimously

adopted.

Mr. Weller spoke at some length against the Trans-Anacostio Rallway scheme. He thought the bill looked 'fishy,' as it set no time for the begin

ning or completion of the road, and would permit the use of any motive power. The ratiroad committee was instructed to keep its eye on the bill, but no other action was taken.

The character of the parade to take place on the day of the celebration was then discussed. Mr. Weller desired that the parade be both military and industrial, and the route of the industrial portion could be made longer than that of the militia, since it would not be that of the militia, since it would not be

ANOTHER CAME LOST THROUGH WEHRLE'S PITCHING.

STOLEN-BASE REGORD OF THE LEAGUE

Negotiating for the Ball Glub ... Waiting for the Assignee to Set a Price. Minor Notes,

Wehrle, the pitcher the local team would not have after he had agreed to its terms, administered another decat to the Washingtons yesterday. He held them down to five hits, and had it not been for an error on the part o Newell none of Sullivan's men would have reached home base. As it was: only one secred, while seven of the Pelaware Isda completed the circuit of the bases. The fielding was excellent on both sides and some good plays were made. Philips could not puzzle the Wilmington batters and his delivery was hit rather freely. To day the local team plays at Newark and an excellent game is expected.

Washington is pretty near that covet-ed fourth place, and if it wins to-day and Worcester loses it will pass the Massachusetts team.

STOLEN BASES. The base running records of the Atlantic Association have been made public. Long of the Baltimores heads the list with 54 stolen bases, and Bader of the local team is fifth. The next Washington man, Hill, Is No. 16. Whistler and Jordan are 24 and 25, respectively, and the others are pretty well scattered through the remainder of the list. As a club Washington stands fourth in base running, being preceded by Baltimore, New Haven and New-ark, and is closely pressed by Wor-

STRENGTHENING THE TEAMS. There seems to be a general disposi-tion on the part of all the clubs in the Atlantic circuit to try to remain through-out the season. Last night the Jersey City and Worcester clubs held a meeting and declared they had sufficient financial backing to carry them through The report that Doran had been sold

to Rochester is denied.

The secretary of New Haven Club says the club refused to put a price on the man, and that Rochester has been llegally negotiating with him.

The Hartford Club seems to be wavering and the long series of home games, which commence Thursday, will determine whether the team remains in the Association or not. The president of the club says very emphatically that i will not retain its place unless the at tendance increases, and, as the club i at the foot of the list, and playing poo-ball, there is little likelihood of its continuing. If the Association is wise, it will secure another city to take Hart ford's place when the crash comes.

ford's place when the crash comes.

There is nothing new in the negotiations for the Washington Club, but there will probably be something decisive done to-day. The greatest trouble thus far has been to get the assignee to put a price on the franchise, and the would-be purchasers are not disposed to make an offer until they know exactly what the present owners value their property at. When they ascertain that fact they will be ready to talk business. Something will have to be done by the time the club gets ready to go away on time the club gets ready to go away on its next trip, and it is likely there

If Mr. Hewett will take a reasonable price for the team, that is, what it is worth to the purchasers, considering the risks they will have to assume, the transaction can be completed within a few days. But, if on the other hand there is a disposition shown to nut fancy price on the team, it is dot table burned in the rear of No. 1212 in the matter and the retention of the team in this city will be left in other hands.

> Citizens' Association Takes a Vacation. At the meeting of the Northeast Washington Citizens' Association last night there was a breezy discussion among the members as to the propriet of not having any more meetings during the heated term. This discussion was stirred up by a motion from William H. Collins that adjournment be taken until the last Priday in August. Mr. John Glick and Mr. Chappell protested against this very vigorously, as they thought now was the time that they might expect to accomplish some work with Congress. After the members had vented their sentiments very freely a motion was adopted to adjourn for two avenue to F street.

A PITIFUL SIGHT.

A Deserted Wife with Two Little Chil-dren in Court,

There was a pftlful scene in the Poice Court this morning. A care-worn, habbily-dressed young woman stood in the dock with two little tota at her side, either one of them over 4 years of age Their grimy little faces were poked be-tween the iron pickets of the dock and they were evidently at a loss to know where they were. This woman's hus-band, John Frownick, deserted her two months ago and since that time she has been knocking from pillar to post. She sold the only two pieces of furniture she owned two weeks ago and since then has been sleeping on the commons.
"Why don't you go to work?" asked

How can I work out and take care of these children?"
"Would you be willing to part with

your children"
